Update from Powys Teaching Health Board on COVID-19 Vaccination for Children aged 5-11

Dear Parent / Guardian,

On 16 February 2022, the Joint Committee on Vaccination and Immunisation (JCVI) confirmed that all children aged 5-11 are now eligible to receive two doses of COVID-19 vaccine.

Vaccination appointments in Powys for children aged 5-11 are due to begin by the end of March. Later this month the health board will begin writing to households to invite you to contact them to arrange an appointment.

Useful information to help you make the right decision about COVID-19 vaccination for you and your child is available from the health board website at <https://pthb.nhs.wales/find/5-11>

The website also includes an online form for you to request an appointment. Please note, if your child has tested positive for COVID-19 they must wait 84 days before receiving their vaccination.

Please note that the school is not involved in the delivery of the COVID-19 vaccination programme. Appointments are being offered at clinics organised by Powys Teaching Health Board. More information about COVID-19 vaccination in Powys is available from the health board at pthb.nhs.wales/covid-vaccine

Thank you,
COVID-19 Vaccination Programme Team
