What is Stop Smoking Wales?

A high intensity specialist intervention programme. Currently available as group or 1-1 sessions in:

- Welshpool
- Llanfyllin
- Newtown
- Llandrindod
- Brecon
- Ystradgynlais

Stop Smoking Wales is a free, NHS service to help people quit smoking.

Research has shown you are four times more likely to quit with a support programme like Stop Smoking Wales than going it alone.

Stop Smoking Wales provides evidence based advice and behavioural support for adult smokers who want to stop smoking.

The service is funded and run by Public Health Wales - an NHS organisation providing professionally independent public health advice and services to protect and improve the health and wellbeing of the population of Wales. It contributes to national and local tobacco control initiatives and has a key role in reducing the impact of tobacco on the health of people in Wales.

If you are a smoker who is motivated to quit smoking you can book a session convenient to you by using the free phone number 0800 085 2219.
